Database: SQLite, MySQL, PostgreSQL and Microsoft SQL Server.

Languages

Spanish: native speaker

English: highly proficient in spoken and written English

German: basic communication skills

Additional information

Since September 2016 to now I work as a Fullstack Python/Django Developer at social sweethearts, based in Munich. I combine this work with two entrepreneurs projects (Smetrica.com & Photocallinteractivo.com).

Smetrica.com (<http://www.smetrica.com>) is web application that allows you to get growth and interaction data of any Fan page of Facebook without any permission requirements. Users can download a spreadsheet as a premium service.

Photocallinteractivo.com (<http://photocallinteractivo.com>) is a services that allows users to take pictures within a Android device and upload automatically to Facebook albums or publish over Twitter accounts.

I have a standard driver license. Non smoker. Easy to adopt new knowledge and put them into practice.
